## CONFIDENTIAL

TO : Chief, Engineering Branch, TSD  
 ATTN :   
 FROM : Chief, Archives and Records Center

DATE: 22 August 1961

25X1

SUBJECT: Replacement of Grid Screen for Forced-Air Incinerator

1. A new grid screen is needed for the test incinerator here at  If possible, I think it would be a good idea to get an extra one to have as a spare.

25X1

2. For your information approximately 65,000 lbs plus three (3) trailer loads of crumpled paper (I have no idea what it would weigh) have been burned since the last screen was installed.

25X1

*Alt WE*

*Joe Joe*  
*Joe* Are we making any progress getting out of the spare parts business? *wald*

*TSL has been requested to make to basket assemblies.*
